Haseeb Ahmad

Software Engineer at Ebryx

I'm a ruby on rails developer and have more than 1 year development in ruby on rails

-- I prefer succeeding together instead of taking credit or assigning blame.
-- I am largely unaffected by pressure.
-- I'm a strong listener and a stronger communicator.
-- I am comfortable working independently or as part of a team.

My specialities include: Ruby, Rails, Javascript, JQuery, HTML, CSS, Git, PostgreSQL, MySQL and Bootstrap.
